MEMORANDUM FOR: Mr. James G. Reber

SUBJECT: Publication, Request for

It is requested that a loan copy of the Rand report, short title, RM 1349 (S), dated 15 August 1955, CIA control number [] of 9 February 1956, be obtained for this office. It is understood that the (S) indicates that this report is a supplement to a basic report that was published on this same subject. The title of the basic report I do not know, but both the basic report and supplementary report or reports are desired. Due to the descriptive nature of the long title, I feel it best that this publication be sent to your office and thence forwarded here under separate cover.
